EASTER BUNNY AND CHICK BAGS

INSTRUCTIONS:

Bags: Place the bag in your printer. You may need to read your manual so that your paper is placed in the correct direction. A test print on regular paper would help you with this aswell. Set print option to custom paper size of 3.5 x 6 inches. Once printed, cut around the shape of the bunny's ears and chick's head. Cut out chick's wings and adhere to opposite sides of the printed chick bags. Stuff with treats and enjoy!

Pom Poms: See marthastewart.com for detailed instructions to make pom poms. Glue to the back of each bag when complete.
